EMW Picton Howell LLP www.emwph.com

Robert Cain - Consultant
Greg Davidian

Our reputation for offering concise practical advice that makes strong commercial sense is reinforced by the Legal 500. Ranked in the top tier for commercial, corporate, employment and commercial property our success is built entirely on the calibre of the individuals that work here. We have considerable experience of the motor industry acting for teams, suppliers, drivers and sponsors. Give us a call and we can tell you how we can help you.

Good Fabs www.goodfabs.com

(Stand 1627)

Neil Morgan – Managing Director

Good Fabs is a fabricator of racing exhausts and a manufacturer of tube and custom bends. We have been working for motorsports teams and racing enthusiasts since 1984. We employ a team of skilled fabricators and welders, tube manufacturers and tube benders to make every part of a performance exhaust system. We fabricate and weld sets of primaries, merge collectors, tailpipes, silencers and megaphones for F1, LMP, World Rally Car and NASCAR teams as well as for enthusiast race categories such as Caterham and historic Mustangs.

We help racers maximise power, minimise weight, withstand high temperatures, make exhausts last longer or simply sculpt a system around the engine and chassis position.

For production jobs we also use our up-to-date CAD systems to interpret models and design jigs without needing the car or an existing exhaust system to work from.

Goodridge Ltd www.goodridge.net

(Stand 1424)

Jon Hourihan - Marketing Manager
James Wills - Motorsport Sales Manager

Goodridge is the World's Leading Supplier of Hoses & Fittings, celebrating 35 years of supplying the highest quality products to the automotive and racing industry. Our brake lines and flexible hoses have been tested and proven in the most demanding environments worldwide, and our reputation has been built on providing superior performance time after time. We guarantee superior quality, rapid delivery and reliability whether the application is high volume manufacture, motorsport, specialised industrial, or general road use.

Our brake hose and fluid transfer systems are sold worldwide into the highest levels of racing, and - F1, IRL, NASCAR, World Rally Car, Sportbike, Drag Racing, Custom Motorcycle - and OEM applications for automotive, motorcycle, marine, snowmobile or ATV.

Grainger & Worrall Limited www.gwcast.co.uk

(Stand 1600)
