Lord Austin Lecture and Dinner

Greener Technology for Meaner Motor Sports

FREE to attend lecture – Wednesday, 25 February 2009 @ 6pm / the IET, 2 Savoy Place, London

2009 Lord Austin Lecture

In anticipation of the 2009 – 2010 Formula 1 Season, Jon Hilton will introduce the audience to the technology behind the 'KERS' system being implemented into Formula 1 for the first time, and look at the effect this technology will have on the performance of the cars. Other motor sports applications of the technology will be discussed in addition to civil applications and the huge potential benefits that can be delivered

This lecture is **FREE** to attend and open to all. Early booking is highly recommended.

2009 Lord Austin Dinner

Attend the dinner with friends and colleagues and hear from the man behind the 'worlds first clean emission carbon free Grand Prix' – the TTX GP – taking place on the famous Isle of Mann TT Circuit. Azhar Hussain will tell us more about this race, the competing bikes, how the race came about and how to get involved.

You can book your individual place or a branded company table of 10.

Dinner from **£34.75** per person.

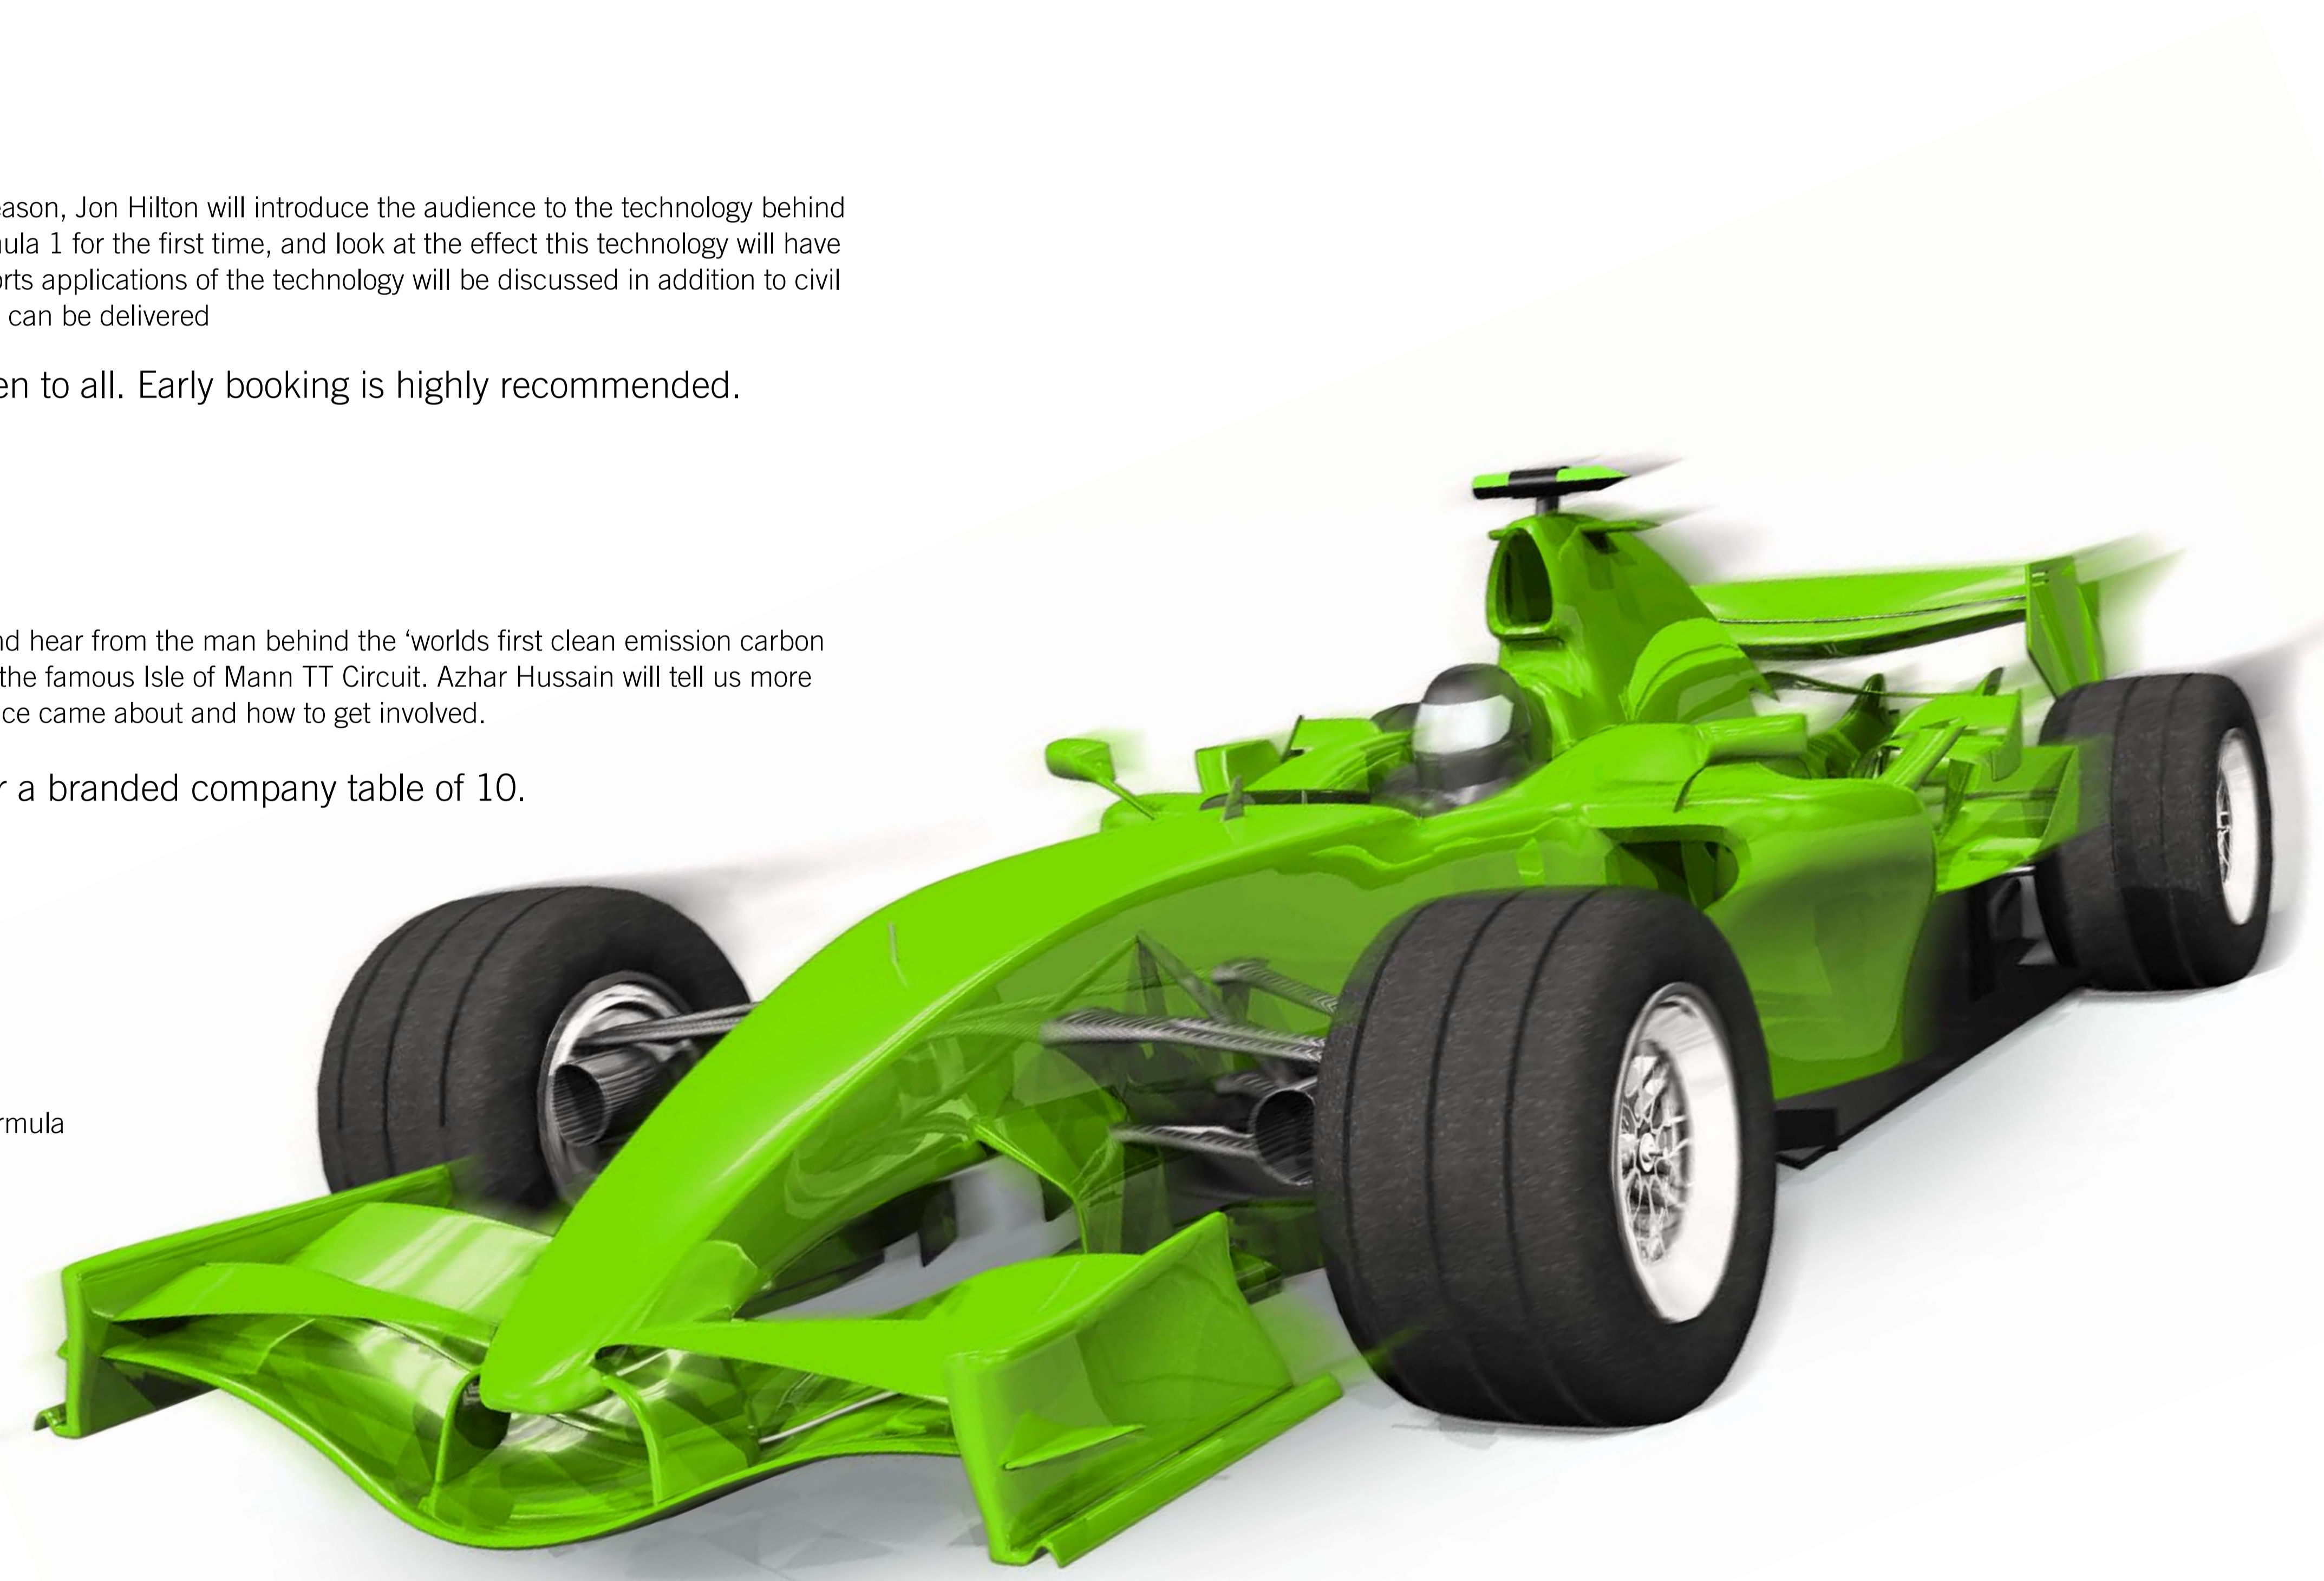

Charity Raffle

This year's charity raffle prize is an awesome Formula Rockingham single seater racing experience. A choice of venue is available.

Tickets cost **£5**.

See website for full details.
