

## Itineraries and sightseeing

Motorsport ExpoTech is not just a specialised fair but a complete tourist package for those who want to explore the beauty and qualities of a land rich in attractions tied to motoring history, culture and the Italian culinary art of ancient traditions. In and around Modena, the native town of Enzo Ferrari, you can visit the Ferrari Gallery, Stanguellini Museum, Umberto Panini Museum of Vintage Cars and Motorbikes, the Righini collection, the Maserati factory, Pagani Automobili, B.Engineering, and in nearby Bologna, Ducati and Lamborghini. The Motorsport ExpoTech organisers will be happy to assist the exhibitors and participants in finding accommodation and booking organised tours near the event.

## 2008 edition:

More than 6,000 professional operators - 400 brands & companies - 50 countries  
... came to Modena, the world capital of Motorsport

Following the success of the first edition, Motorsport ExpoTech is back on track for 2009 with an impressive programme of innovations and opportunities for exhibitors:

- the International Business Lounge dedicated entirely to b2b meetings exclusively for exhibitors and buyers;
- continued partnership with The MIA (Motorsport Industry Association) and Race Tech - the protagonists of Anglo-American Motorsport - ensuring attendance and trade missions by international, European and American entrepreneurs;
- collaboration with the UK Trade & Investment Agency - the British Government Authority - that will facilitate attendance by British companies;
- collaboration with accredited international partners operating in the main central-north European markets;
- focus on sectors such as innovative materials, nautics and aeronautics.

ModenaFiere has already promoted Motorsport ExpoTech during the main sector exhibitions: PMW in Cologne, Autosport Engineering in Birmingham and the legendary PRI in Orlando.

The first edition attracted more than 6000 professional operators from 50 countries and 400 companies and brands. It also hosted more than 30 high-specialisation scientific conventions. The second edition, thanks to on-going initiatives, will ensure an even better international character for the event.

The appointment is - 14-15 October 2009.
