Chris Aylett
Chairman
MIA
Federation House
Stoneleigh Park
Warwickshire
CV8 2RF

Dear *Chris,*

Thank you very much for all your help in securing the future of Brawn GP.

The assistance of the MIA was invaluable in coordinating the efforts of BERR; the regional development agencies; the Department of Innovation; local MP's and even our Ambassador in Tokyo. The time you spent personally in arranging and participating in these meetings made a material difference to the outcome and the specialist advice that the MIA were able to provide about "who to talk to" and "how to approach" each department and activity allowed us to progress faster and more effectively than would have been the case.

We look forward to working with you to maximise the benefits that our facility, technology and employees may be able to provide to the wider motorsport business and local economy.

Yours sincerely

NICK FRY
Chief Executive Officer
